

Afon Elwy Environment Group in partnership with Keep Wales Tidy and St Asaph City Council aim to enter St Asaph into the RHS "Love your neighbourhood" element of Wales in Bloom.

Should this become a successful project we would then move onto the next step and enter St Asaph into Wales in Bloom in 2020.

This project needs to involve members of the community, local groups and businesses working together both in funding and gardening.

Some funding has already been obtained and grants have been applied for.

Can YOU help in this project?

Perhaps you can help in the planning?

Perhaps you can sponsor a planter?

Perhaps you can give your time?

We need people who will water planters and care for the plants.
