

St Asaph City Council

Casual Vacancy

At least one vacancy has arisen on the City Council which is to be filled by Co-option. The successful candidate will serve for the remaining term of office, until May 2027.

The Role

City Councillors represent the people living in the City of St Asaph at the closest level to the community. When decisions are made Councillors are there to put the views of the local people and have a duty to represent all local people and their interests.

Being available to the public and making people aware that you are a Councillor plays an important part in gaining the understanding of local views. Council and committee meetings are open to the public and every effort should be made to attract attendance from the public.

An effective councillor is not a soft option. It requires considerable skills and effort to achieve success. The reward is to see the benefit to the community through the policies and action of the council.

There are a number of reasons why people become councillors such as:

- Representing electors and constituents
- Using the position of councillor to push forward policies
- Improving or changing the city or community
- Defending the area and the community against threat or changes

If you would like to apply for Co-option send a Curriculum Vitae, with a covering letter explaining your reasons for applying to the City Clerk by 1st January 2023. Applications will be considered at a Full Council meeting on 11th January 2023.
